Re: Docket No. W-023A-10-0242

Dear Sir/Madam:

We are in receipt of Park Water Company's notice for application for approval of a rate increase. It appears their staff recommends a 46.1 percent. Given the economic times and the facts that we are on a fixed income, this rate is not even reasonable. Even if we were working and earning an income that was subject to incremental increases, they would not be 46.1%! And 32.1% is even a little high.

An increase in rates may be warranted due to business expenses incurred, but a reasonable rate would be expected. We would ask the Commission to consider the nature of the economic times we are living in and the fact that many users are on a fixed income. Thank you for your consideration of our request to keep the rate increase at a reasonable level.

With sincere appreciation,

David & Linda Lawson
